Mauel's Dairy has been dedicated since 1919 to producing great tasting premium ice cream using natural ingredients from local Wisconsin farms. We produce ice cream using liberal amounts of natural cream and natural milk. The cheese, milk, cottage cheese and sour cream that we distribute uses fresh, straight off the farm milk, that is either natural or organic. We are still using the same production methods and recipe that we've used since Henry Mauel, Sr. started making ice cream. We offer a premium product that is made in small batches. We start by using natural cream and natural milk, add other natural ingredients, like sugar and egg yolks to our mix, pasteurize the mix to ensure that all bacteria are eliminated, and follow this up by homogenizing the mix to guarantee your ice cream has a smooth taste. You can find our ice cream in Central Wisconsin stores, restaurants, at special events and our dairy store. Our many flavors can be purchased in a variety of sizes.
