## A BIG THANK YOU TO CLARK COUNTY'S EMERGENCY SERVICES TEAMS

We would like to salute Clark County Emergency Services, leaders, and helpers for being there through the recent devastation and heartache caused by the tornadoes of December 15th. The National Weather Service and Storm Prediction Center officially classified the December 15, 2021, Upper Midwest severe weather event as a "serial derecho". This is the first known December derecho on record to occur within the United States.

## COVID CONTINUES TO CHALLENGE US

We want to acknowledge the many healthcare workers and emergency workers whom we rely on to keep us healthy. Their sacrifice during this unprecedented time amid the triumph and despair is forever recognized. Thank you!

## Local Celebrations & Tourism

[www.clarkcountyiwi.org](http://www.clarkcountyiwi.org)

In 2021, we joined in celebrating 19 ground breakings, ribbon cuttings, and grand openings. Several others have quietly opened their doors as previously planned, and others held off opening. We look forward to their grand openings in 2022, when we can safely gather and celebrate their investments and accomplishments.

Are you looking for help with business planning, gap financing, packages for startups, or business expansions? Please contact:
