

CELEBRATING INVESTMENT IN CLARK COUNTY & ITS COMMUNITIES

Talk about celebrations! We had a record number of reasons to celebrate with our Clark County communities, leaders, residents, and businesses. We were honored to assist with and share in ceremonies for numerous ground breakings, ribbon cuttings, and grand openings. New programs helped many aspiring entrepreneurs take the leap and become our next business owner. WELCOME & CONGRATULATIONS!!!

Many, many, many other projects have also taken fast forward steps to development. Plans have been made and holes have been dug along with roads to accommodate the growth all over Clark County!! We look forward to more celebrations very soon and we thank everyone for their investments and accomplishments.

Are you looking for help with business planning? For information on gap financing, packages for startups, or business expansions, please contact:
