

Faith, Family, Work, Loyalty & Respect

Thorp is a loving community built on family values, neighborhood relationships, and mutual respect that happens to be one of the best places to live in Wisconsin. We boast quaint downtown shops, thriving manufacturing businesses, scenic countryside views, beautiful parks, joyful local events, and of course, our welcoming and loving residents.

Thorp is located along Wisconsin HWY 29 between Eau Claire and Wausau. They host annual festivals, cookouts, and community events as a focus on community bonds.

When looking to visit, we encourage you to look at the history of Thorp and see how that has influenced generations of family and local traditions. From the Native Americans that inhabited our land first to the expansion of America, Thorp tells a story that represents middle America.

The City of Thorp is committed to serving our neighborhoods, cultivating an economically prosperous community, and creating a welcoming city for everyone. For this reason, we believe that the City of Thorp is ***A Place to Belong***.
