I am a potter who has combined the techniques of Raku Pottery, which is Japanese, and horsehair which is found in the desert southwest. Underglaze colors are sprayed on the pot before it is bisque fired. A clear glaze is used on the pot, so the underglaze colors will come through. After the pot comes out of the glaze kiln either horsehair is added creating a carbon trail design or the piece is submerged in sawdust creating a crackle effect.

**KAREN KAPPELL, FSFA OF LA CROSSE, WI - GUEST ARTIST AT THE CHRISTINE CENTER**

608-797-4115

I have been painting with water media for over 30 years and teaching classes in watercolor and other media in art workshops. In the Northwoods area I have given workshops at Dillman's, the Manito Art League, and Lakeland Art League and at centers in Wisconsin, Iowa, and Washington State. I am a Franciscan Sister and formally taught at Marywood Franciscan Spirituality Center in Arbor Vitae, WI. I hold a master's degree in art and am a lifetime art teacher. I incorporate traditional techniques and new approaches in both my paintings and teaching. A common thread which runs through my art expression no matter what the media is my connection with nature, observation, and expression of the natural beauty which surrounds me, from close view of a single flower to the broad vista of open fields, lakes, and sky. I purposely choose to live in a quiet area at St. Joseph Ridge in La Crosse to be immersed in nature and the solitude which it offers. Drawing my inspiration from nature, I work mainly with water media because they offer the opportunity to use transparency and layering of color.
